**UWC makes education a force to unite people, nations and cultures for peace and a sustainable future.**

UWC 致力于通过教育，联合不同的国家、民族和文化，从而促进世界和平与可持续发展。

With an emphasis on experiential learning, UWC Changshu China prepares students for a new horizon. As a future-focused school, we remain true to the UWC values and mission, and we believe that students learn best when connected to their communities and possess intrinsic motivation and learner agency.

Founded in 2015, UWC Changshu China is one of 18 UWC schools and colleges worldwide. Located in Changshu, a 3000-year-old waterside city in Suzhou, we live and learn on a beautiful small island on Kuncheng Lake. Our surrounds and the unique culture of China and our local region play a large part in how we live and learn.

UWC Changshu China is a world-leading non-profit school for a deliberately diverse group of young people in Grades 10, 11 and 12. We provide the International Baccalaureate (IB) Diploma as our formal curriculum, while also emphasising the importance of experiential learning, community service and outdoor activities.

常熟 UWC 强调体验式学习，从而为学生提供崭新视野。作为一所面向未来的学校，我们始终坚守 UWC 的价值观和使命。我们认为，当学生和社区建立紧密联系，拥有内驱力和主动性时，他们就能获得最佳的学习效果。

常熟 UWC 创始人，董事会主席  
第十三届全国人民代表大会代表

UWC Changshu China has achieved a remarkable journey in its first five years with the contribution from all faculty, staff and students, as well as support from all parts of the community. More than 1,600 students from over 100 countries and regions have been part of the community and five classes of graduates who have a strong sense of responsibility and an inspiration to dream big will continue their academic pursuits in the world's leading universities. They will continually live the UWC mission of creating a more peaceful and sustainable world. Faced with the COVID-19 epidemic and world-wide challenges, the UWC mission becomes even more relevant today and guides us to overcome international and intercultural differences and work hand-in-hand.

The college was made possible by so many people who we acknowledge for our success. The CPC Committee and Municipal Government of Suzhou and Changshu gave exceptionally generous support and guidance. We also appreciate the many organisations and individuals, whether they give financially to fund scholarships, provide host family opportunities, contribute to Zhi Xing activities or help us to extend our impact through school activities and UWC+ initiatives.

Now in the early stages of our second five-years, we need to keep our feet on the ground, forge ahead, explore international education practices with Chinese characteristics, and educate more 'doers' who dream and promote cultural exchanges. UWC Changshu China will continue to connect the school with the local community in Changshu, as well as China and the world, to fulfill the UWC mission of world peace and a sustainable future, and make greater contributions in building a community with a shared future for mankind.

常熟 UWC 创校的第一个五年在全体师生和教职员工的共同努力和社会各界的支持下，取得了优异的办学成绩。已有超过来自全球上百个国家和地区的 1,600 名学生加入了常熟 UWC 的大家庭，我们培养了五届有担当、有梦想的中外青年学子进入世界知名学府继续深造，未来将在国际舞台上继续践行 UWC 推动世界和平与可持续发展的理念。而这一理念在当今世界的意义更加重大，尤其是在抗击新冠疫情和解决全球问题的过程中，需要我们跨越国界和文化差异，携起手来共同应对挑战。

我们取得的成绩来之不易，需要感谢许多人的帮助。特别感谢苏州和常熟市委市政府的大力支持。感谢社会各界组织和同仁对常熟 UWC 给予的关心和帮助，感谢他们通过资助奖学金、提供寄宿家庭服务、协助学生知行活动安排、参与学校活动和助力 UWC+ 项目扩大 UWC 的教育影响力。

在创校第二个五年开局阶段，我们需要继续脚踏实地，砥砺前行，继续推进中国化的国际教育实践，培养更多促进文化交流的使者和有梦想的实干家。学校将进一步联合学校和常熟本地社区的力量，乃至中国和全球的力量，去践行 UWC 促进世界和平与可持续发展的使命，为推动构建人类命运共同体做出更大贡献！

China's economic, social and technological advances in the last few decades weave into the exciting fabric of the culture, where some of the world's leading corporations and thinkers are paving the way for the future across a number of industries.

To be Chinese, and what the history and present-day China means to its people and others around the world is a captivating concept. The best way to delicately unravel and appreciate China's deep-rooted philosophies, practices, and way of life is to immerse oneself into the culture and the language. As China continues its exciting evolution, UWC Changshu China provides foreign students an unparalleled opportunity to become deeply involved in the culture and language, as well as learning from the innovative and future-facing mindset of China today.

Located in Changshu, a city with over 3000 years of history, UWC Changshu China is exposed to a rich national and cultural heritage that gives our students a vast opportunity to learn and experience the culture of the area firsthand.

作为世界上的古老文明之一，中国的历史可以追溯至几千年前。在过去的几十年中，中国在经济、社会、技术方面取得了巨大进步，构成振奋人心的文化脉络的一部分，从中走出的世界领先的企业和学者正在为许多行业的未来铺平道路。

## Chinese language programme 中文项目

UWC Changshu places a strong emphasis on learning about – and respecting – Chinese culture. One way it does this is through its immersive and rich language programme.

All students at UWC Changshu China must take one Chinese language course. This aims to enhance the cultural confidence of our Chinese students, and to encourage students from abroad to develop their interest and understanding of Chinese language and culture. To meet the varying needs of students, we offer 10 different Chinese language courses.

常熟 UWC 对于中国文化的重视与尊重体现在种类丰富的沉浸式语言课程中。

为提高中国学生的文化自信与身份认同，激发海外学子对于中国语言和文化的兴趣，加深他们的理解，学校规定所有在校学生都必须修读一门中文课程。我们提供 10 种不同的中文课程来满足不同背景的学生需求。

## Chinese cultural activities 中国文化活动

Cultural activities are designed to provide an immersive environment for students to understand and appreciate traditional Chinese culture through in-class learning, Zhi Xing activities and place-based exploration.

We have identified a number of key cultural programmes such as Kunqu, Guqin, Suzhou Garden and the Grand Canal, and invite our students to participate in various cultural activities.

Our students can take field trips, visit modern manufacturing industries, and explore the natural environment of China to see the country and culture from a range of perspectives.

We celebrate traditional festivals such as Qing Ming Festival, Mid-Autumn festival and Dragon Boat Festival, and we encourage our students to form and participate in Chinese Programme Zhi Xing Teams such as dragon dance, lion dance, painting and calligraphy, performing arts, debate and martial arts.

Our Chinese Cultural Evening is one of the most significant events in the school and the region. It is led, designed, directed, performed and operated by students, giving them a chance to introduce elements of Chinese culture from their own perspective, using their own words and through their favourite forms of art.

Participating in these activities allows both Chinese and foreign students to gain a better understanding of the Chinese cultural traditions and the essence of Chinese heritage.

在常熟 UWC，各类文化活动为学生提供了沉浸式环境，通过课堂学习、知行活动和实地探索等形式来理解和欣赏中国传统文化。

依托本地独有的物质和非物质文化遗产资源，学校已将昆曲、古琴、苏州园林、大运河等作为重点文化项目，并邀请学生参与各项文化活动之中。

学生有机会参加实地考察，探访现代制造业基地，探索自然环境并从不同的视角了解中国和中国文化。

学校不仅在清明节、中秋节、端午节等传统节日举行庆祝活动，也鼓励学生组织并参加舞龙、舞狮、书画、表演、辩论、武术等中国文化“知行”活动。

常熟 UWC 的中国文化晚会已成为学校，也是常熟当地最重要的文化活动之一。晚会由学生自编自导自演，从学生视角，用他们自己的语言和喜欢的艺术形式来展现中国文化元素。

这些活动促进了中外学生对中国传统文化精髓的深入理解。

# Zhi Xing – Transformative experiential learning

## “知行”——实现个人蜕变的体验式学习

Experiential learning is an engaged learning process where students learn by doing, and by reflecting on the experience. Students are engaged in the learning intellectually, creatively, emotionally, socially or physically.

In the IB Diploma Programme, CAS (Creativity, Activity and Service) is a core requirement for all students and at UWC Changshu we integrate this into our education by providing an immensely diverse range of activities within and outside of the classroom.

Our students are therefore engaged in activities far beyond what is required by the IB Programme. We call

our experiential learning programme Zhi Xing(知行), which means 'putting knowledge into action'.

Another way we foster experiential learning is through Project Week, which is held every year and students from UWC Changshu have the opportunity to visit various parts of China to engage in either self-initiated, or school organised projects.

As a central component of UWC education, Project Week aims to inspire students through activities and experiences to identify social problems, think of solutions, and to practice the UWC educational concept of 'learning by doing'.

The Zhi Xing programme allows students to connect to the UWC mission and values. We have developed nine service streams which are led by passionate and specialised Stream Leaders and Student Stream Committees. Students can select activities within streams to further personal interest, all while learning the importance of service.

“知行”项目使学生与 UWC 的使命和价值观紧密相连。学校组织了九大服务主题，由热情、专业的导师或学生委员会带队。学生可根据未来个人发展意愿选择不同活动，同时体会服务的意义。

体验式学习是全情投入的学习过程，学生在实践和反思中学习。学生需要动用智力、创造性、情感、社交及体力全面投入其中。

在 IBDP 课程中，CAS 项目（即创造、行动和服务）是所有学生必修的核心项目。常熟 UWC 通过开展丰富多彩的课内外活动将这一项目与我们的教育相融合。

在常熟 UWC，学生对活动的参与度远超 IB 课程体系要求。我们的课外活动项目被赋予了一个具有中国特色的名字“知行”，其核心与 UWC 一贯传承的体验式学习和探索精神不谋而合。

除此之外，学校每年举办的“社会服务项目周”也是体验式学习的一种形式。常熟 UWC 的学生将有机会深入到中国不同的地区参与自主发起或学校组织的项目。

作为 UWC 教育理念的核心部分，“社会服务项目周”旨在通过活动和体验启发学生发现社会问题，思考解决方案，践行 UWC “在实践中学习”的教育理念。

One of our aims at UWC Changshu is to encourage design thinking and an interdisciplinary approach in generating creative solutions to the world's complex problems.

常熟 UWC 的目标之一是鼓励学生将设计思维和跨学科方法创新地运用于解决未来世界纷繁复杂的问题。

## Supporting innovation and design thinking

### 支持创新和设计思维

Within design thinking, failure in the process of learning is inevitable and, in fact, required for success. Iterative learning is to try and fail, reflect, adapt and change and we believe that deep learning happens in the process, not the outcome.

To support our commitment to innovation, we created the Yushan Academy Centre for Design and Innovation on campus to provide educational opportunities for UWC students and the wider community to design and innovate collaboratively for peace and sustainability. Our students work within spaces designed for innovation featuring state-of-the-art technologies and equipment.

We aim to cultivate agency and build character for individuals to investigate, prototype and iterate to design and innovate for a better world.

在设计思维中，学习过程中遇到失败在所难免，但事实上，这也是成功的必要条件。迭代学习是一个尝试、失败、反思、适应和改变的过程。我们相信深度学习产生在过程中，而非结果中。

为了支持创新，我们创立了虞山书院设计创新中心，为在校学生及周围社区提供学习机会，这片用于创新设计的教学空间为学生提供最先进的技术和设备支持，共同实现为世界和平和可持续发展而设计与创造的理念。

常熟 UWC 旨在培养人才、塑造个性，鼓励学生用创造思维去探究、尝试和迭代，从而创造更美好的世界。

# Rich and rewarding student life

## 丰富而有意义的学生生活

At UWC Changshu China, students embrace diversity, build cross-cultural understanding and grow a sense of responsibility for their community. Our learners engage in a wide-range of social and cultural activities and develop lasting memories and lifelong friendships.

Our students board full time at school, including weekends, with four residing in each room from different grades, continents, countries, provinces and cities. This provides the capacity for exciting, eye-opening, caring and sometimes challenging exchanges between students as they learn to manage coursework and schedules, deal with stress and care about their housemates and friends.

Through participating in our Wellbeing Programme to support a healthy and harmonious life on campus, and by participating in regular house discussions, the students can confidently resolve any issues from within their house and across the student community.

Students are cared for by heads of house, advisors and all the faculty to ensure they are happy and safe. We provide the right environment for our learners to flourish and learn about themselves and others.

在常熟 UWC，学生拥抱多元，构建跨文化理解和社区责任意识。学生参与各种社交和文化活动，彼此之间建立起珍贵的回忆和终生的友谊。

常熟 UWC 采用全日制寄宿模式（包括周末）。每间宿舍有 4 名学生，均来自不同年级、大洲、国家、省份和城市。这种刻意多元的住宿分配模式为学生创造了有趣又别开生面的交流机会，营造学生之间的互助互爱，但同时也会带来很大挑战，因为他们要自主学习、自行规划生活，合理应对压力并处理与室友和朋友间的各种人际关系。

学校积极开展“身心健康”项目，引导健康、和谐的校园生活。学生们通过定期参加宿舍楼层讨论活动，共同解决宿舍和整个社区内的各种现实问题。

学生们在宿管老师、个人生活指导老师及全体教职工的悉心关照下，度过一段安全、愉快的校园生活。学校也将致力于为学生提供茁壮成长、不断认识自我和了解他人的良好氛围。

UWC brings peers and faculty members who shares different nationalities, cultural backgrounds, and pursuits under the same roof. This platform provides you with the opportunity and freedom to try different things. And when you discover where your passion lies, UWC gives you that support and freedom to help you stick with it. Such power of being self-driven is of tremendous value.

I'm very glad to have been with a group of young people who are willing to make the world a better place over the past three years. Our common attitudes, expectations and ambitions have transcended colour, background and national boundaries.
